

The Silvasi Family

Taken from the Blood Curse Series

By Tessa Dawn

Understanding the Silivasi family tree...

The sons of Jadon are *chosen* by celestial gods – they do *not* have Zodiac signs.

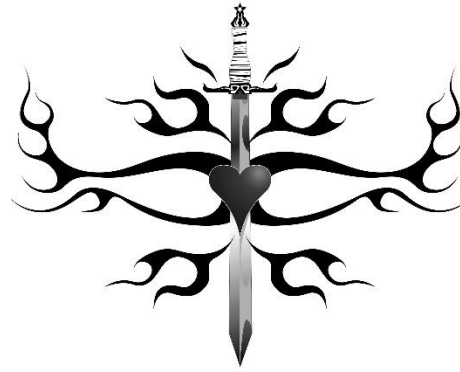

Jocelyn entered Dark Moon Vale in late August, 2009, and the *Blood Curse Series* stays true to that timeline throughout -- days, weeks, months, years, and birthdays pass according to the STORY'S progression, not any one book's release date.
